

Electronics Policy

Please silence electronic devices during lectures. You are welcome to use electronic devices for note taking and accessing learning materials online. However, do not use electronic devices during class time for non-class activities (i.e. social media, etc.) or you will be asked to turn it off and put it away.

Communication Policy

Email will be my primary form of communication with the class:

- I will use our CA email address for class communications, so check our CA mailbox frequently.
- I will answer you as soon as possible. Please allow 24 hours for a response.
- Please refer to the syllabus to answer questions before contacting me.
- Questions on course material are often more easily and thoroughly answered in person. Please use my office hours as our primary means of obtaining help with course material.
- Under no circumstances can I provide grades through email due to FERPA (Family Educational Rights and Privacy Act) regulations, since emails are not considered secure. Grades will be available on Canvas.

affiliation or political philosophy. (or more information) see the [classroom behavior](#) or the [Student](#)
